Up to 10% of the original mortgage amount can be overpaid each year without charge, however, if the mortgage is redeemed or switched to another product during the product term then the Early Repayment Charge will apply. For further details contact a member of the team.

2 The arrangement fee can be deducted from the advance or added to the mortgage. Interest is payable if the fee is added to the mortgage.

3 We'll cover the cost of a standard mortgage valuation on a property valued up to £400,000, which is equivalent to a £350 contribution towards the cost of a standard valuation. Your client may choose to have a RICS Homebuyers Report, however they will have to cover the difference in cost between a standard mortgage valuation and the RICS Homebuyers Report.

4 Clients must nominate their own solicitor but will receive £250 cashback from the Society towards their legal fee costs.

Interest Cover Ratio (ICR)

The minimum ICR stress rates are detailed in the table below:

Basic Rate Taxpayer	Higher Rate Taxpayer	Limited Co BTL	Ex-Pat BTL
125% @ product rate + 2%	130% @ product rate + 2%	125% @ product rate + 2%	125% @ product rate + 2%
The Basic Rate Taxpayer ICR may be applied to all Expat applicants, although it is acknowledged that their income is not subject to UK tax rules. The only exception is where there is an additional stream in the UK that places the applicants into the higher rate tax bracket on its own.			
Or initial product rate if fixed for 5 years or longer			

The ICR formula to calculate the minimum rental income required is: loan amount x interest stress rate x taxpayer stress rate / 12 = the minimum monthly

The ICR to calculate the maximum loan amount is: monthly rental income x 12 / interest stress rate / taxpayer stress rate = maximum loan amount.
